08 2022 – 04 2025

Ahmedabad, India

Seventhday Adventist Higher Secondary school

ICSE(10th) - **84%** | ISC(12th) - **87%**

PROJECTS

Finance Tracker Dashboard [↗](#) | HTML, CSS, React Js

02 2026

- Developed a dynamic user interface UI for the Finance dashboard where user can track their daily transaction and helps users manage and understand their finances in a simple and organized way. Applied Tailwind for responsive design across different screen sizes. Used React.js for frontend, leveraging its component based architecture and Virtual DOM to build a responsive and interactive UI. .

Learning Management System [↗](#) | MERN - stack with Tailwind CSS

04 2026

- Built a full-stack Learning Management System using MongoDB, Express, React and Node.js where users can sign up, log in and manage courses. Worked on both frontend and backend, created APIs and made sure everything runs smoothly. Also deployed the project so it can be accessed online. .

Portfolio [↗](#) | HTML, CSS

- Developed a responsive Portfolio using HTML, CSS, added a resume download functionality, animation, hover effect and social links.

INTERNSHIP

Vinayak InfoSoft [↗](#)

Frontend Developer Intern

Intern, Present

On-site, Ahmedabad

- Currently working as a Frontend Development Intern, utilizing HTML, CSS, Bootstrap, and React to build scalable and responsive web applications and currently working with the SEO team. Involved in redesigning existing websites to enhance user experience, performance, and modern UI standards.
